FOREWORD.

The late Peter Mougey, Esqr., may be said to have been a numismatic seer. The perfect preservation of practically every one of his coins proves that when, many years ago, he purchased the pieces, he looked far into the future. He prized only those coins which were beautifully preserved, only the ones which turn out to be **the most valuable today.** For this reason alone, Mr. Mougey must be regarded as one of the wisest, if not, indeed, the most far-sighted American numismatist of his day. His coins came from notable sales, including the Mickley, Winsor, Bushnell, Parmelee, Frothingham, Cleneay, Maris, and others.

In gold coins this collection is especially rich. Included are choice lines of early Eagles, Half Eagles, Quarter Eagles, Three and One Dollar Gold Pieces, Gold Proof Sets, as well as the unique $5. Bechtler Piece reading "Rutherford County", but lacking "150 Gr.", (which distinguishes the next rarest variety, sold in my James B. Wilson Sale to Mr.Granberg for $785.00), also fine Ancient and Modern Foreign Gold. Noteworthy are the following:—

Eagles: 1795, 1796, 1797 (four stars before the bust), 1798, over 1797, 1799, 1800, 1801, 1803, 1804, and later.

Half Eagles: 1795, 1796, 1797 (15 and 16 stars), 1798, 1799, 1800, 1802, 1804, 1805, 1806, 1807, 1808, 1809, 1810, 1811, 1812, 1813, 1814, 1818, 1819 (last record $650.), 1821, 1823, 1825, 1826, 1829 (excessively rare!), 1831, 1833, 1834 **(with motto)**, 1834 **(Crosslet 4—without motto)**, etc.

Quarter Eagles: 1796 (stars on obverse), 1797 (six stars be-

fore bust), 1798, 1802, 1804, 1805, 1807, 1821, 1824, 1825, 1827, 1829, 1830, 1831, 1832, 1833, 1834 **(with motto!)** and many others.

Three and One Dollar Pieces include a small but very choice collection, with Proof Three Dollars of 1873; and Proof One Dollar, of 1866.

Gold proof sets and partial sets are included, dating after 1880.

United States Silver Proof Sets extend from 1842 to 1906.

Scarce Uncirculated Sets of United States Silver date from 1840 to 1890 inclusive.

The Silver includes a splendid mint-mark collection of Half Dollars, Quarters, Dimes and Half Dimes in the finest condition.

The Silver Dollar Collection includes nearly every rarity excepting the 1804, with no less than **six varieties of the Gobrecht type 1836-39,** the **excessively rare 1836,** with Gobrecht's name on the base, **without stars on reverse!** 1836, with Gobrecht's name in the field, **without stars on the reverse! 1839 with plain edge!** Few collectors know even of the existence of the three varieties just mentioned.

The Half Dollar Collection contains the two finest 1796s' (both varieties) in existence, and practically every other great rarity.

The Quarter Dollar Collection is about complete, excepting only the great rarities of 1823 and 1827.

The Dime Collection is complete in almost every respect, and unsurpassed for preservation.

The Half Dime Collection is by all odds the **very finest ever offered,** and is complete in every respect, including either proof, or uncirculated or very fine specimens of 1794, 1795, 1796, 1797, 1800, 1801, 1802, 1803, 1805, and 1846.

The crowning feature of the collection is the **COMPLETE AND SPLENDID COLLECTIONS OF UNITED STATES**

CENTS AND HALF CENTS. Especially notable is the Cent Collection with the two **finest known** 1793s, the small date 1848 cent from the Parmelee Collection, and too many **finest known** pieces "every here and there" to record on this page. Practically every piece is perfectly preserved. The Mougey Collection of cents, complete as Mr. Mougey left it, will be long remembered, and I predict that it will be a great while before another such collection as this will be offered for sale, either publicly or privately.

To emphasize their importance it need only be said of the Half Cents that they are complete in the best preservation, in fact there are duplicate half cents of the great rarities: 1842, 1843, 1846, 1847, 1848 and 1849 (small date).

Listed are **Very Rare American Colonial and Continental Coins**, with the "**Inimica Tyrannis**", and "**Non Vi Virtute**" Cents, superb **Oak and Pine Tree Silver**", a collection of **United States Fractional Currency**, and **Foreign Coins and Medals, Lincoln and other Medals.**

In point of general fine preservation of the pieces, **such a coin collection has never been offered for sale either privately or publicly in America**, so it is hoped by the compiler of this catalogue that collectors will give the sale the attention that so important an event demands.

Numismatist.

New York, July 30th, 1910.

Note:—While a few of the gold pieces, and some of the silver dollars (including mint marks) were sold privately before the collection was turned over to me, many splendid coins have been added in their places, and no pieces have been removed from Mr. Mougey's collections of half dollars, quarters, dimes, half dimes, cents, half cents or paper money. They are offered intact.

CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. These are the only conditions under which bids will be received.

Coins and medals are sold at so much per PIECE, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c. up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in a lot and you wish to pay $5.00 for the entire lot, then bid $1.00.
lot, then bid $1.00.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

We will send a printed list of the prices realized for the three days' sale, for $1.50, cash to be sent in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, Thomas L. Elder.

UNIQUE $5. BECHTLER PIECE.

1393 (1831). Obverse: "C. Bechtler. Assayer. Rutherford County. *". Reverse: "North Carolina Gold, 5 Dollars. 20 Carats *". The distinctive feature of this unique piece is that it has not "150 Gr" under "20 Carats", as on lot 1175 of my James B. Wilson Sale, which piece sold for $785 to Mr. Granberg. Mr. Hidden, the well-known authority on these coins, suspected the existence of such a piece, states that Bechtler had a good sense of proportion, and the line "150 Gr." makes the reverse design clearly lop-sided. Being unique this coin is worth just as much as any private gold coin that ever was sold. See Plate.

A record price was paid for a one-cent piece in New York Thursday when Henry Chapman, a numismatist, gave $340 for one struck in 1793. It is of the Liberty cap type and is thought never to have been in circulation, as it is clear, perfectly centered and in good condition. It was the property of the late Peter Mongey of Cincinnati, whose collection was up at auction. The face value of the lot of American coins included in the list was $3.25, but they brought over $4000. An 1807 penny went for $76 and one of 1803 for $61, while one bearing the 1809 date went for $75. An 1823 cent was sold for $80. So it is proved that the old adage, "Save the pennies," is a good one.
